

# Austin Bible Institute

We believe every Christian is called to ministry & deserves to be fully equipped to fulfill that calling.

Austin Bible Institute is an institution of Christian Higher Education that prepares Christians for a lifetime of service. It provides training to students who feel called into full-time ministry or who simply want to grow in their relationship with Christ or learn how to interpret and apply the Bible better. Our goal is to produce graduates whose lives are transformed by knowing God deeply, who are filled with the Holy Spirit and have a huge passion for God's glory, and who are making reproducing disciples and serving the poor.

## Certificate & Degree Programs

Our degrees and certificates chronologically build on each other. For example, a student may start with a one year certificate and make their way up to a bachelor's degree. Students who already have some college credit may transfer it to obtain advance standing.
